

KEVIN.MURPHY

HAIR.REHAB

Customisable Beauty

KEVIN.MURPHY presents you with targeted treatment prescriptions to give you a range of in-salon solutions that focus on your client's desired result. Combining these treatments with a service ceremony delivers personalised benefits while creating a self-care moment in the sanctuary of the salon. Through you, the in-salon journey can continue at home. KEVIN.MURPHY is stepping up to be more accessible and educational through experiences that empower stylists and satisfy clients.

Meeting clients' needs means solving their hair concerns, while educating and helping clients maintain results with at-home solutions. Hair concerns change seasonally, or clients may need a one-off customised boost for their hair condition or texture. KEVIN.MURPHY product formulas are multi-faceted and designed to meet needs head on. A one size fits all approach is not reliable. Rather, start with a consultation and select a personalised protocol from one of the KEVIN.MURPHY in-salon treatments to deliver ultimate benefits to your discerning clients.

HEALTHY + BALANCED SCALP + HAIR

ALL HAIR TYPES

Revive scalp and hair instantly to assist in maintaining youthful, healthy looking hair. Healthy hair depends on a healthy scalp, this product combination will help regulate a dry or oily scalp, revive dull hair, and solve issues due to living in a humid or dry climate. Using ingredients from nature like Aloe Vera Extract and Camphor along with the skincare technology of Micelles, this in-salon prescription results in a healthy, balanced hair and scalp.
